User Story 01 (High Priority)

As a customer, I want to browse products by category (rings, necklaces, etc.), so that I can find jewellery I'm interested in.

Acceptance Criteria

- Categories visible in navigation menu
- Clicking a category shows all products in it
- Products show image, name, price

User Story 02 (High Priority)

As a customer, I want to search and filter products (by price, material, gold/silver), so that I can quickly find what I need.

Acceptance Criteria

- Search bar returns matching products
- Filters update results without page reload
- "No results" message shown if product name does not match

User Story 03 (High Priority)

As a customer, I want to add products to a cart and checkout with Cash on Delivery, so that I can purchase without online payment.

Acceptance Criteria

- Cart shows item, quantity, subtotal
- Checkout calculates delivery charge by location (Dhaka/Suburban/Outside Dhaka)
- Order placed with COD confirmation

User Story 04 (Medium Priority)

As a registered user, I want to create an account and log in, so that I can manage my orders and profile

Acceptance Criteria

- Registration requires name, email, password, phone
- Login validates credentials
- Error shown for invalid login

User Story 05 (Medium Priority)

As a registered user, I want to view my order history and track order status, so that I know where my order stands.

Acceptance Criteria

- Order list shows date, items, status
- Status updates (Pending/Confirmed/Shipped/Delivered)

User Story 06 (High Priority)

As an admin, I want to add, edit, and remove products and categories, so that I can keep the catalog up to date.

Acceptance Criteria

- Admin can create product with name, price, category, images, stock
- Edits reflect immediately on storefront
- Deleting marks product inactive

User Story 07 (High Priority)

As an admin, I want to view and update order statuses, so that I can manage fulfillment.

Acceptance Criteria

- Admin sees all orders with customer details
- Admin can change status
- Customer sees updated status in their account

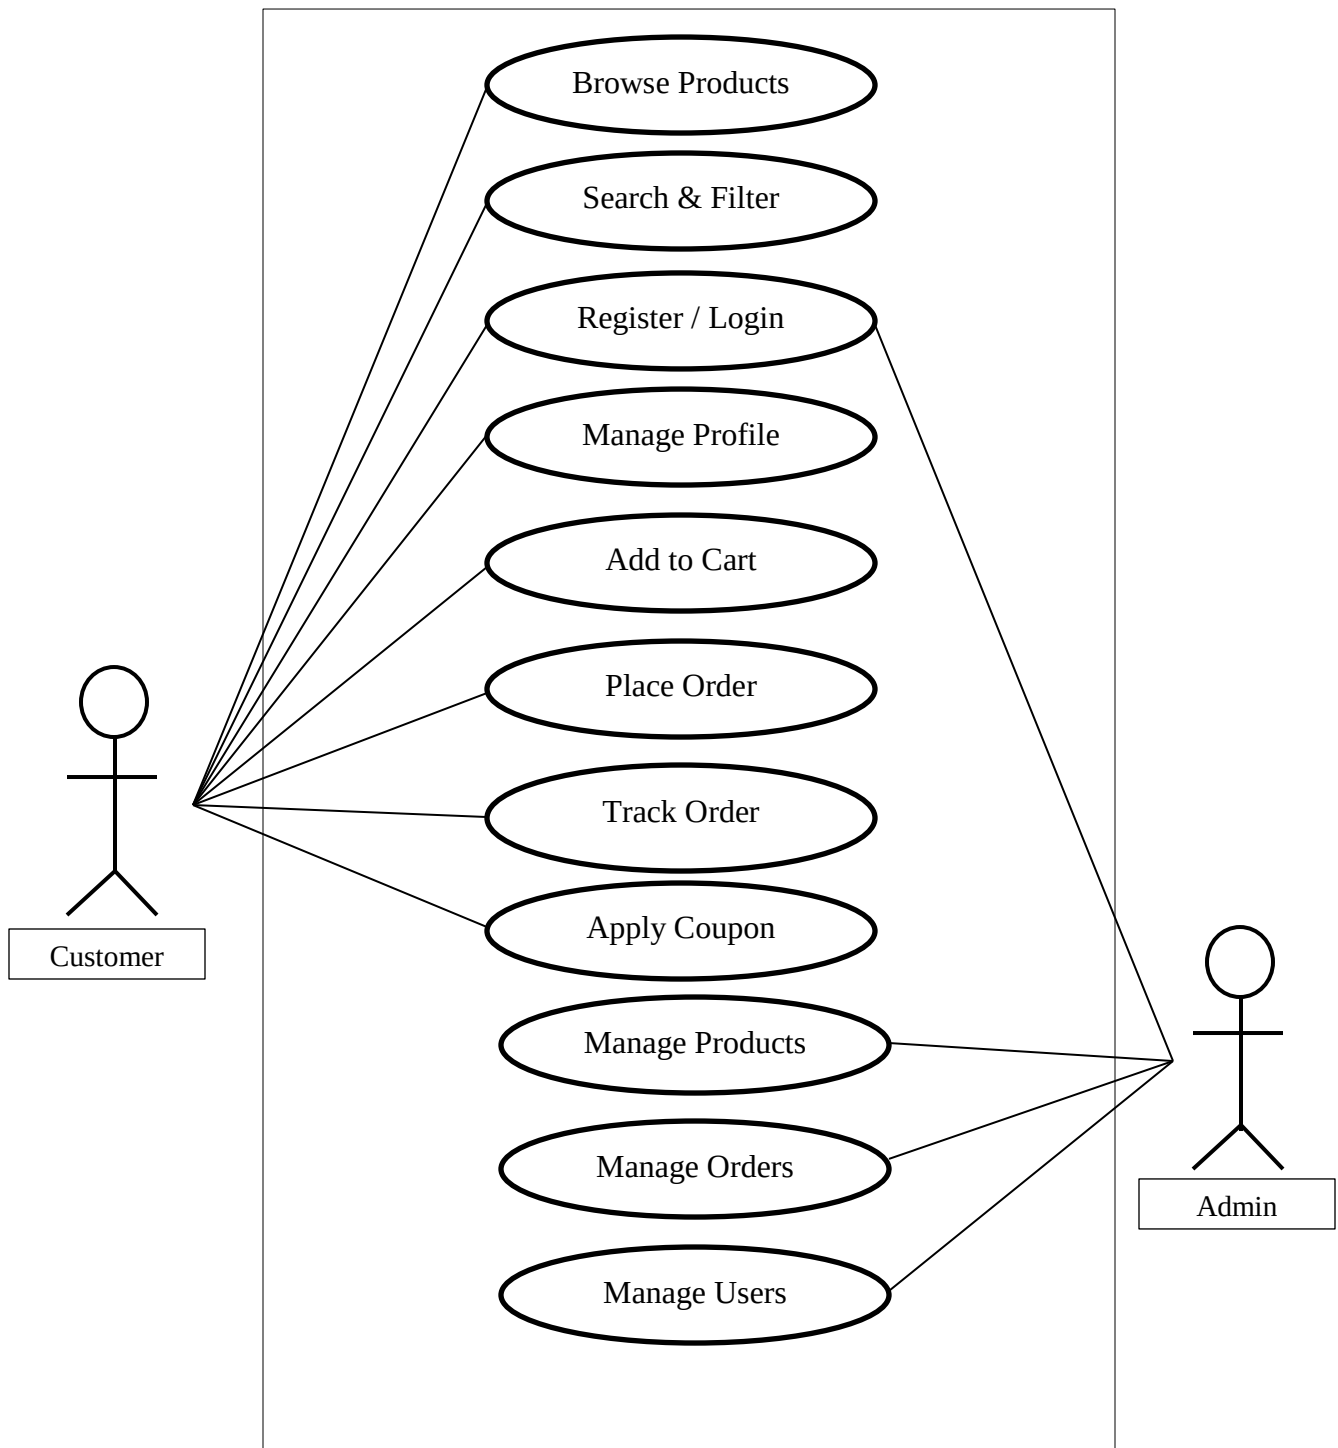

User Story 08 (Medium Priority)

As a customer, I want to add products to a wishlist, so that I can save items for later.

Acceptance Criteria

- "Add to wishlist" button on product page
- Wishlist page lists saved items
- Item can be removed from wishlist
